1 HOW TO LOG IN

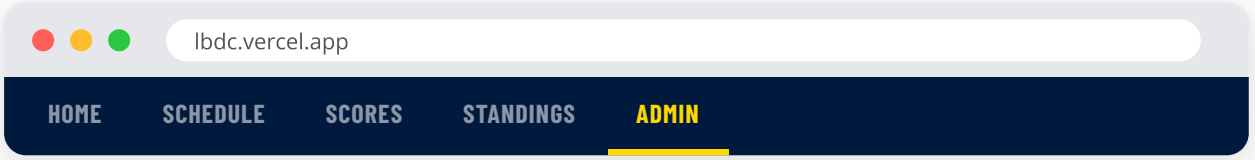
Captain Portal · No password required

1 Go to the website

Open your browser (Safari, Chrome, etc.) and go to **lbdc.vercel.app**

2 Tap the "Admin" tab in the top navigation

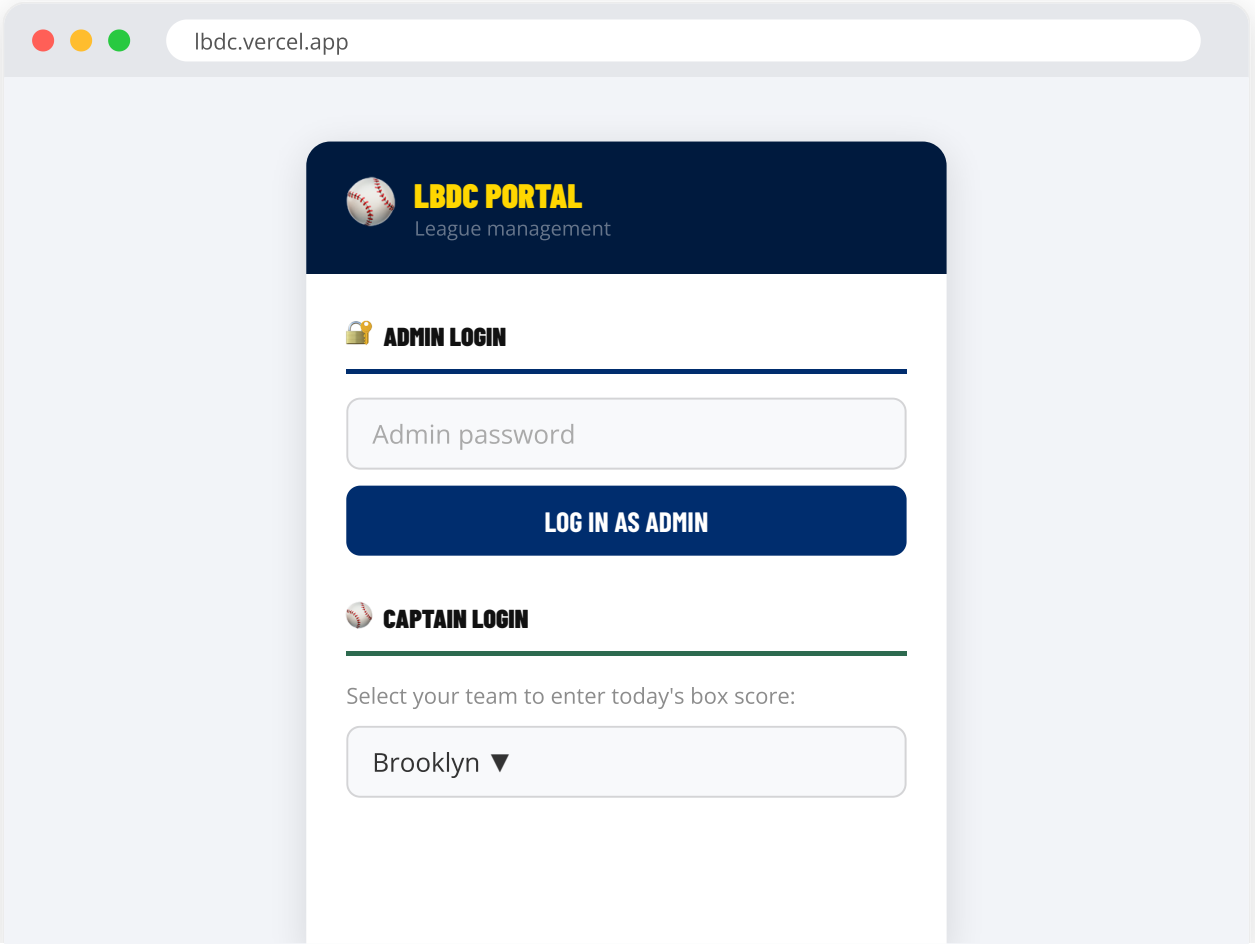
The navigation bar at the top of the page has tabs: Home, Schedule, Scores, Standings, and **Admin**. Tap or click **Admin**.

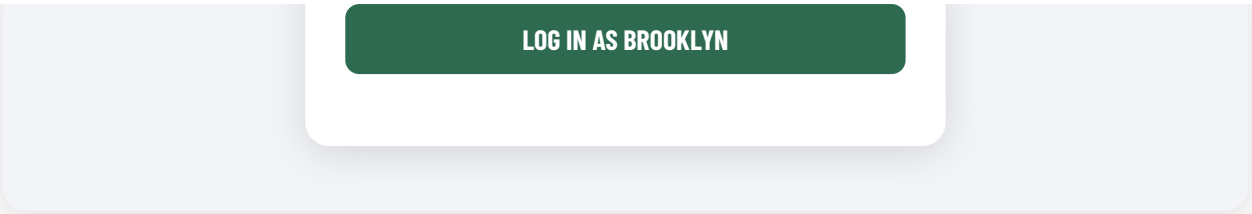


☝️ Tap the **Admin** tab — it's the last item in the navigation bar. This opens the portal login page.

3 Find the "Captain Login" section (lower half of the page)

The login page has two sections: an **Admin Login** at the top (for the commissioner only — requires a password) and a **Captain Login** below it. You want the Captain section.





4 **Select your team from the dropdown**

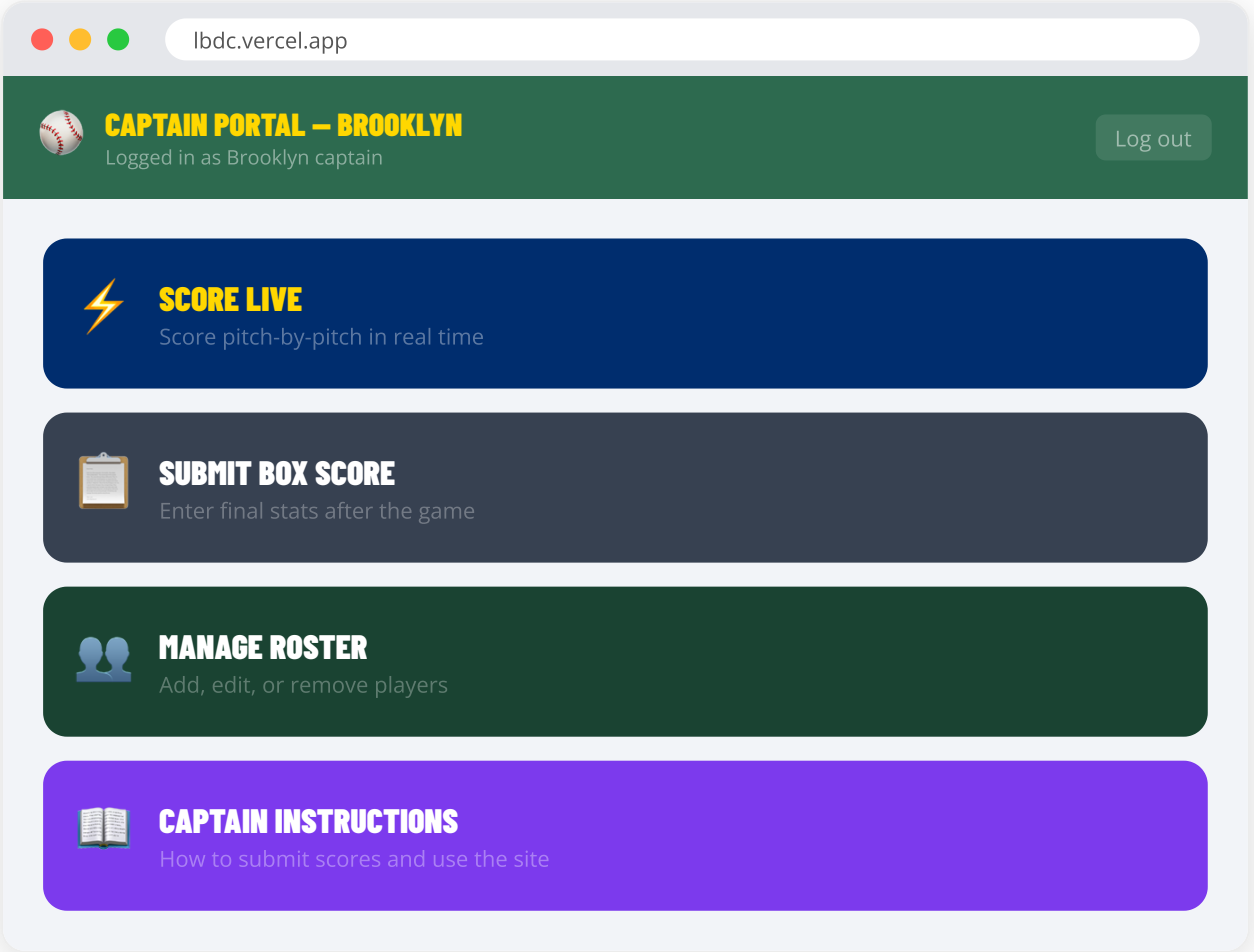
Tap the dropdown menu that reads **"— Select your team —"** and choose your team name from the list.

5 **Tap "Log In as [Team Name]"**

Once your team is selected, the green button will show your team name. Tap it to log in — **no password is required** for captains.

You'll land on the Captain Portal menu with options for Score Live, Submit Box Score, Manage Roster, and Captain Instructions.

> **No password needed for captains!**
>
> Captains log in simply by selecting their team. Only the league administrator needs a password.



☝️ After logging in you'll see the **Captain Portal menu** with four options. "Score Live" is for real-time in-game scoring. "Submit Box Score" is for entering stats after the game.

2 HOW TO SUBMIT A BOX SCORE

Enter game stats within 24 hours of the final out

When to submit

Box scores should be submitted within **24 hours** of the game ending. Stats appear on the site immediately after submission.

1 Log in to the Captain Portal

Follow Section 1 above. From the Captain Portal menu, tap **Submit Box Score** (the gray card with 📋).

2 Select the game from the dropdown

A dropdown will show today's scheduled games for your team. Select the game you just played. The opponent, date, and field should pre-fill automatically.

If you don't see your game listed, it may not be scheduled yet — contact the commissioner.

3 Enter the final score

Type the **runs scored by each team** in the score fields. Double-check that you have the home and away teams correct before continuing.

GAME

Brooklyn vs. Tribe — Apr 12, 2026 ▼

AWAY (BROOKLYN)		HOME (TRIBE)
7	-	4

BATTING STATS — BROOKLYN

PLAYER		AB	H	HR	RBI	BB	K
J. Fennel	4	2	1	3	0	0
B. Stoltz	3	1	0	1	1	1
M. Landry	4	2	0	2	0	0

4 **Enter each batter's stats**

For each player who batted, enter their line: **AB** (At-Bats), **H** (Hits), **HR** (Home Runs), **RBI**, **BB** (Walks), and **K** (Strikeouts). Only enter players who actually appeared.

5 **Enter pitcher stats**

Scroll down to the pitching section. For each pitcher used, enter: **IP** (Innings Pitched), **H**, **ER** (Earned Runs), **BB**, and **K**.

6 **Tap Submit**

When all stats look correct, scroll to the bottom and tap the **Submit** button. The box score will be saved and stats will appear on the website immediately.

You'll see a confirmation message when submission is successful.

📊 BATTING STAT REFERENCE

STAT	FULL NAME	WHAT TO COUNT
AB	At-Bats	Plate appearances excluding walks, HBP, sacrifices
H	Hits	Singles, doubles, triples, and home runs
HR	Home Runs	Any over-the-fence (or inside-the-park) home run
RBI	Runs Batted In	Runners scored on the at-bat (including on a HR)
BB	Walks	Base on balls (4 balls)
K	Strikeouts	Times the batter struck out (swinging or looking)

⚾ PITCHING STAT REFERENCE

STAT	FULL NAME	WHAT TO COUNT
IP	Innings Pitched	Use .1 = 1 out, .2 = 2 outs, 1.0 = full inning
H	Hits Allowed	Hits given up by this pitcher
ER	Earned Runs	Runs scored that aren't due to fielding errors
BB	Walks Issued	Batters walked by this pitcher
K	Strikeouts	Batters struck out by this pitcher

3 ADDING A PLAYER TO YOUR LINEUP

Add a walk-up player before submitting a box score

Player must be on roster first

Players only appear in the box score dropdowns if they are on your team's roster. If someone shows up game-day who isn't listed, add them to the roster first, then submit the box score.

1. **Log in to the Captain Portal**
   Before submitting the box score, go to the Captain Portal (see Section 1).

2. **Tap "Manage Roster"**
   From the Captain Portal menu, tap the green **Manage Roster** card (👥).

3. **Tap "+ Add Player"**
   In the top-right corner of the roster screen, tap the **+ Add Player** button. An input form will appear.

4. **Enter their jersey number and name**
   Type their jersey **#** (optional) and their **full name**. Tap **Save**.
   The # field is optional — you can leave it blank and fill it in later.

5. **Go back to Submit Box Score**
   Tap ← **Back** to return to the Captain Portal menu, then tap **Submit Box Score**. The new player will now appear in the player dropdowns.

Eligibility Note

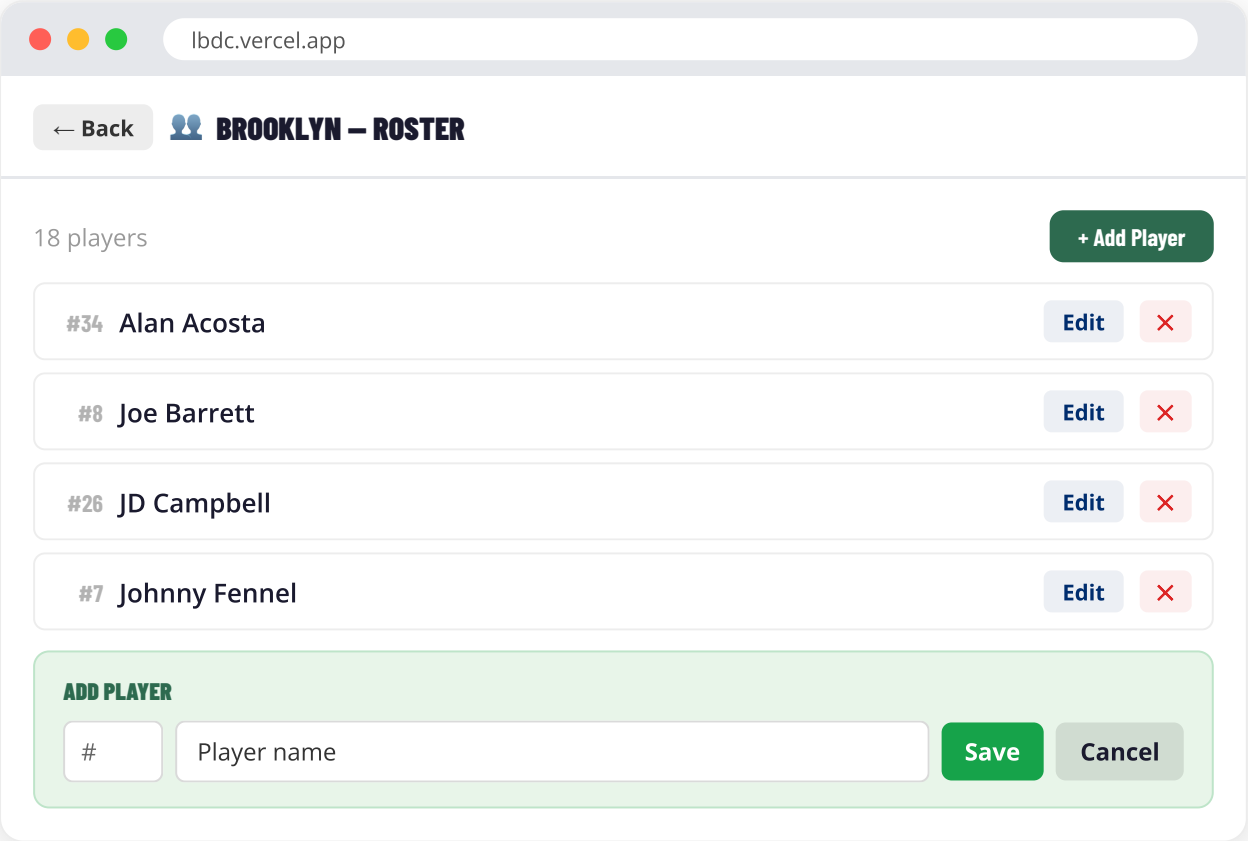
Adding a player to your roster allows them to appear in box scores. Make sure any new players meet the league's eligibility requirements. Contact the commissioner if you have questions about a player's eligibility.

4 MANAGING YOUR ROSTER

Add, edit, and remove players from your team

1 Open the Roster Manager

Log in to the Captain Portal (Section 1), then tap **Manage Roster** (the green 👥 card).



2 Add a new player

Tap **+ Add Player** in the top right. A small form appears — enter the player's jersey number (optional) and name, then tap **Save**. The player is immediately added to your roster.

3 Edit an existing player

Tap the **Edit** button next to any player's name. Update their number or name in the form that appears, then tap **Save**.

4 Remove a player

Tap the red ✕ button next to a player's name. A confirmation prompt will appear — tap OK to confirm the removal.

Removing a player from the roster does not delete their historical stats from past box scores.

Changes save automatically

> Roster changes take effect immediately — there is no separate "Save Roster" step. The player will appear (or disappear) from box score entry dropdowns right away.

6 ADDING THE SCHEDULE TO YOUR PHONE CALENDAR

iPhone · Android · Google Calendar

Your team has a dedicated Google Calendar

Each team has its own calendar feed. When you add it, all of your team's games automatically appear in your calendar app — and update if the schedule changes.

OPTION A — IPHONE / APPLE CALENDAR (RECOMMENDED)

1. **Open Safari on your iPhone**
   This must be done in **Safari** — it will not work from Chrome or other browsers on iPhone.

2. **Go to lbdc.vercel.app and open the Schedule page**
   Tap the **Schedule** tab, then find your team's section. Look for the **Add to Calendar** button or a calendar icon next to your team name.

3. **Tap the calendar link for your team**
   When you tap the calendar link for your team, Safari will ask: **"Subscribe to Calendar?"** — tap **Subscribe**. Your team's full schedule will be imported into the Apple Calendar app.

4. **Done! Open your Calendar app to confirm**
   Open the built-in Calendar app on your iPhone. You should see a new calendar called something like **"LBDC — [Your Team]"** with all game dates, times, and fields pre-filled.
   The calendar will stay in sync — if game times change or games are added, your phone calendar updates automatically.

OPTION B — ANDROID / GOOGLE CALENDAR

1. **Open Google Calendar on a computer or Android phone**
   Go to **calendar.google.com** or open the Google Calendar app.

2. **Tap the calendar link for your team on lbdc.vercel.app**
   On the Schedule page, tap the **Google Calendar** link next to your team. This will open Google Calendar with a prompt to add the subscription.

3. **Click "Add Calendar"**
   Google Calendar will show a preview of the calendar. Click **Add Calendar** to subscribe. Your team's games will appear in Google Calendar on all devices where you're signed in.
